

LAUNCH LITERACY, LLC

October 2025 Newsletter

Launch Literacy, LLC provides dyslexia therapy and intensive reading intervention for students ages 7 and up. *Take Flight: A Comprehensive Intervention for Students with Dyslexia* is the curriculum used. *Take Flight* was developed at the Luke Waites Center for Dyslexia and Learning Disorders at Scottish Rite for Children. The Roswell Masonic Lodge supports scholarships for qualifying students. **Please check the monthly email for the session calendar and other information.**

SUPPORTING SPELLING

Students with dyslexia and characteristics of dyslexia often experience frustration with spelling lists, especially when a variety of spelling patterns are introduced simultaneously.

For younger students, using Elkonin Boxes (sound boxes) can help students isolate each sound in the target word. I will gladly help students map their weekly spelling words if you send them to me.

<https://www.readingrockets.org/classroom/classroom-strategies/elkonin-boxes>

For older students, a focus on syllable division and morphological components of words is helpful. You can use sticky notes or index cards to divide words into syllables or morphemes.

ACCESSING GRADE LEVEL TEXT

If students cannot read grade level text independently, *yet*, they can absolutely access grade level text, build knowledge, and expand vocabulary using assistive technology. If students are enrolled in a Roswell ISD K-12 public school, they can access the *Learning Ally* site in their Clever accounts. Ask for your child's account to be activated.

<https://learningally.org/>

Here are other free sites to access audio books. The Roswell Public Library is a great resource too.
